

## LARGE BUSINESS BLOCKS BURNED AT HIGH RIVER

Fire Yesterday Destroyed Two Large Business Blocks, Partially Ruined Several Stocks and Threatened the Entire Commercial Portion of the Town

Calgary, Jan. 4.—The greatest danger but the use of many buckets of water and wet blankets saved the place. The wind blew the sparks from the fire directly over the C. P. R. station and it is almost miraculous that the building was not destroyed. Nothing but the hard work of the bucket brigade saved the Lane block and in fact the entire business portion of the city.

The office of E. E. Thompson's real estate and general agent, was totally destroyed and Mr. Thompson lost many valuable papers, books, etc.

The stocks of the Stanley Clothing Co., Medical Hall drug store and D. O. Brown, dry goods merchant, which were in this block were removed from the stores but were damaged somewhat. In this block were several offices the contents of which were injured. The contents of the offices of the Canadian Bank of Commerce and the Union Bank which were in the front side of the block were taken out and can be replaced without much loss.

All the streets within a block of the fire are piled with hardware, saddlery, furniture and drygoods. The owners are getting stocks sheltered as quickly as possible, and the merchants who emptied their stores will be ready for business again tomorrow. Heslop, Young & Kelley will resume business again at once in their building one block west of the burned store.

High River, Jan. 4.—It was just 4.15 p.m. yesterday when the cry "fire" was heard and those in the vicinity noticed fire and smoke pouring out of the rear windows of the second floor of the Heslop, Young & Kelley store. In less than three hours three buildings were totally destroyed. The St. George hotel was also in

## OFFICERS INSTALLED LAST EVENING

Friendship Lodge I. O. O. F. Officers Installed by new Deputy D. D. G. M.

When the Grand Lodge of Alberta, I. O. O. F., was formed last November, the honor of being elected the first District Deputy Grand Master for Edmonton District fell to the lot of W. G. Shera, of Fort Saskatchewan, the lodge of which place is the youngest in the jurisdiction. The election was much appreciated by the members of the Fort lodge and the successful candidate. Last evening Friendship Lodge, of Edmonton, received its first official visit from the new deputy, the occasion being the installation of its officers for the ensuing term. The annual reports handed in by the respective officers indicate unmistakably the rising tide of prosperity upon which Friendship Lodge is riding. There are now 111 members and the friends have nearly reached the \$700 mark.

In the installation ceremony, which was proceeded with after routine business had been disposed of, Bro. Shera was assisted by the following installation officers: Grand Marshal, Thos. May; Grand Warden, J. W. Cunningham; Grand Secretary, J. C. Brown; Grand Treasurer, J. H. Wood.

Following are the officers installed for the ensuing year:

P. G. A. E. May  
V. G. Wm. Dale  
Rec. Secy.—P. A. Lloyd  
Fin. Secy.—H. B. Speer  
Treasurer—Al. Brown  
R. S. G. T. May  
L. S. G. T. J. H. Wood  
L. S. G. T. H. Killo  
L. S. G. T. L. B. Haskell  
Conductor—J. W. Cunningham  
Warden—F. J. Grierson  
R. S. S. J. C. Haskell  
L. S. S. J. Green  
Chaplain—G. E. Ellis

The D. D. G. M. in his address to the brethren, gave appropriate expression to his appreciation of the honor conferred on him by the Grand Lodge, acknowledging at the same time that his election was due in great measure to the influence of Edmonton brethren. He was delighted to have the pleasure of installing the officers of Friendship Lodge and trusted that the new year would prove exceedingly prosperous, a result which he could confidently expect with such an enthusiastic and energetic list of officers. Bro. Shera pointed out the advisability of a firm and unwavering administration of the bylaws of the lodge, particularly in regard to the payment of dues.

When all business, ceremonial and otherwise, had been rapped off by the warden of the lodge, an adjournment was made for refreshments and a social smoke. Speeches and other entertainment filled up the later hour, and when the last departing brother had gone, the evening had been pronounced on all sides a decidedly pleasant one.

## VIOLENT STORMS SWEEP THE SOUTH

Atlanta, Georgia, Jan. 4.—A report has been received from Albany, Georgia, to the effect that a terrific hurricane swept over that city at an early hour last night and caused terrible havoc. Many buildings were blown down and several lives lost. The building of the Virginia-Carolina Chemical Company was completely demolished and twenty-five employees were buried in the ruins and instantly killed. The extent of the disaster cannot be ascertained yet as telegraphic communication is badly demoralized by the storm.

Chicago, Jan. 4.—Thomas Penderson was killed by a falling sign, a score of persons injured, and \$100,000 worth of property was destroyed by a wind storm which struck Chicago last night. In Evanston and South Chicago the wind worked great havoc the greatest loss being in South Chicago where an open hearth furnace under course of construction by the Illinois Steel Company was blown down. The steel company's loss is estimated at fifty thousand dollars.

## ROJESKVENTSKY ROUSES INDIGNATION

Accuses Britain of Being Ready to Blow up His Fleet Had Togo Failed

London, Jan. 4.—(Special to the Bulletin).—News of the bizarre statement publicly made by Admiral Rojeskventsky in the columns of the Novoye Vremya was at first regarded here as incredible. Subsequent confirmation has aroused indignation comparable only to the state of public feeling after the Dogger Bank outrage. The absurdity of the accusation is so palpable that it is doubtful whether the admiralty will condescend to take official cognizance of it. The impulsive course of the British representative at the Russian capital is widely approved by the public, and it is altogether doubtful whether the foreign office will view the incident in the same light.

St. Petersburg, Jan. 4.—Mr. Spring Rice, British charge d'affaires, without waiting instructions from his government, has denounced an explanation from Minister Comdoff of the statements contained in Admiral Rojeskventsky's letter to the Novoye Vremya, accusing Great Britain of being prepared to annihilate his fleet had he beaten Admiral Togo.

## LACOMBE'S NEW COUNCIL MEETS

Lacombe, Jan. 3.—The first meeting of the town council was held Tuesday evening. Every member was present. Upon taking the Mayor's chair for the fourth time, Wm. Burris in very fitting terms, thanked the members of the council, and the ratepayers of the town for the confidence they had reposed in him, and assured them that the interests of Lacombe would always have his best attention.

A telegram was read from ex-Mayor Macleod, now Deputy Provincial Treasurer, wishing the mayor, the council and the people of Lacombe, a happy and prosperous New Year. At the direction of the council, a suitable reply was wired Mr. Macleod.

The standing committee were formed, and the regular council meetings fixed for the first and third Tuesdays of the month. Two communications were read from engine and pump manufacturing companies making suggestions as to the making of a satisfactory test of the town water in order to ascertain whether or not the water is ample for fire and domestic purposes. The fire, water and light committee will take immediate action in the matter.

A joint meeting of the town council and board of trade was arranged for Tuesday, 8th inst., to receive and receive a proposition from the Blindman Power Co. for the electric lighting of the town. This meeting will be held in the town hall.

## PRESENTATION

Mr. J. A. Senecal was waited upon last Saturday afternoon in one of the spacious rooms of the new Maternity Hospital by his workmen and presented with a gold watch in commemoration of his sixty-fifth birthday. The foreman, Mr. O. Chartier, said that it was with great pleasure that they had gathered to do honor unto their employer. He said that he was sure he was expressing the sentiments of every one present, when he said that every man on the job had found it a pleasure to work for such a man as Mr. Senecal. They had always found him every ready to do the very best he possibly could to help them in their work. It therefore gave the speaker great pleasure on behalf of his fellow workmen to present Mr. Senecal with this token of their esteem and respect.

As Mr. Senecal rose to reply he was greeted very heartily with "For he's a jolly good fellow." Mr. Senecal said that it was such a surprise to him that words failed him to express his feelings and thanks to those who had given him such a valuable present, and said that he would always remember with gratitude those who had presented it to him and trusted that the feelings of friendship that had hitherto existed between them would remain as such now and evermore.

A very pleasant hour was spent in music and song.

## SMALL BLAZE THIS AFTERNOON

Brigade Called Out to Extinguish Fire in a Storehouse

At 2.29 this afternoon an alarm of fire brought the brigade out in full force and, owing to the high wind prevailing, caused considerable excitement among the citizens. The scene of the trouble was a small frame shack in the rear of the store lately occupied by the Two Franks and used by them as an outhouse for the purpose of storing packing cases and old paper. The firemen made a record run, the chemical, hose wagon and ladders answering the call. The shack being full of inflammable material, the fire had made good headway before the brigade got there and, fanned by the high wind, was blazing up in a threatening manner. The chemical was turned on promptly and held the fire until the water was connected, and a stream put on which quickly extinguished the blaze. The promptness with which the firemen answered the call undoubtedly saved the property-holders in the vicinity from a disastrous fire.

## BERLIN CORRESPONDENTS ARE BADLY EXCITED

Send Out Reports of Impending Conflicts—Diplomats Say There Will be no War—Moroccan Problem the Stumbling Block

London, Jan. 4. (Special to the Bulletin).—Correspondents in Berlin and Paris continue to send alarming reports regarding what they describe as the impending conflict between Germany and France. Official sources in both countries appear to be endeavoring to allay the excitement, but general apprehensions were reflected in the nervous and excitable condition of the stock market. Reports as to military activities on the respective frontiers were not calculated to allay tension.

Berlin, Jan. 3.—The German foreign office has been aware for some time that nervousness exists in France both among the cabinet ministers and the people, over the possibilities of a renewed controversy with Germany. Baron Von Jethofen, the foreign secretary, was informed a fortnight ago, that the French cabinet has serious fears of Germany's intentions. The secretary replied to his informant, who was from Paris, that such apprehensions were wholly without cause, adding, "what could Germany gain by a war."

Inquiries were made by French financial interests last week, to the possibility of Germany provoking a war with France, and German bankers who are extremely well informed politically, replied that there was not the slightest indication that the German government contemplated aggressive action towards France. It was pointed out by one powerful interest that "a thousand reasons existed against war where one existed for it."

"Only presumption and vainglory,"

It was added, "suggest war when nothing moral or material could be gained by it while all the considerations of commerce and orderly international developments, besides the thoroughly pacific policy of the emperor, are immovable in the way of fighting for ambitious aims. The delicately adjusted system of production and exchange would be shattered by a war to such an extent that no indemnity or territory could furnish compensation."

The apprehensions in France appear to be due to a reasonable certainty that Germany will oppose France's position at the Moroccan conference, not only for the sake of the

British influence, it is stated in Berlin, is known to be adding to the feeling of mistrust of Germany existing in France, especially in the case of non-official influence such as recent utterances of Sir Charles Dike and the military correspondent of the London Times last week. But in every well-posted quarter, diplomatic, financial and military, the statement is that war between Germany and France is incredible unless France has designs which so far have not been disclosed.

## HIGH TRIBUTE TO EDWARD BLAKE

London, Dec. 4.—In moving the nomination of Hon. Edward Blake at the Longford convention, Father Dowd said that he considered Blake a second O'Connell in appearance, ability and self sacrifice. Councilor Boxer in seconding the nomination, said Blake had come from Canada to fight the Russian war, his services to Ireland, Longford, in selecting him, was conferring honor to Ireland.

## FIRST MEETING OF TOWN COUNCIL

Considerable Preliminary Business Put Through Last Evening

Strathcona, Jan. 3.—The first meeting of the new council for 1906 convened in the council chamber at 8 p.m., Premier Rutherford acted as secretary. The members subscribed to the oath of office after which the premier called upon the mayor-elect for inaugural address. Mayor Sheppard responded in a brief practical speech outlining his policy and the important questions which from time to time would come up for discussion. He asked for the co-operation of the councillors and trusted that every member of the council would give his time and best attention to the town's business. He spoke also about getting good live preachers men on the different committees, mentioning especially the fire and water and light committees, the public works committee, health and relief committee and also about the selection of secretary-treasurer for 1906. The mayor received hearty applause at the close of his address.

Present, the mayor, Secretary-treasurer, The Hon. W. C. Rutherford and Councillors, Douglas, Elliott, MacKenzie, Richards, MacFarlane. Minutes of meeting of Dec. 19, 1905, read and approved on motion of Douglas and Richards.

The following communications were read: From:

Secretary Peterson of the fire brigade, report.

G. F. Davies, re taxes.

H. E. Smith, re bonds and debentures.

R. R. Jamieson, re passenger agent.

J. L. Lawson & Co., re electric light plant.

Robb Engine Co., Limited, re boilers.

J. R. Inglis & Co., electric light plant.

G. Harcourt, deputy minister, re Provincial Health office.

Copeland Clatterson & Co., re sample of goods.

W. B. Davies & Co., re debentures.

J. K. Macdonald, deputy Attorney-General, re liquor licenses.

Wm. D. Ritchie, re position of secretary-treasurer.

Ald. Cowles and Douglas moved that the correspondence be received and dealt with—Carried.

Ald. Richards and MacKenzie moved that the report of the secretary of the fire brigade be received and adopted—Carried.

Discussion followed re Smith's offer for debentures and Mrs. H.H. transportation to Minneapolis, engines and medical health officer for 1906.

Richards and Douglas moved that Dr. Archibald be appointed medical health officer for 1906—Carried.

The following accounts were read: Fire brigade, two months salary, \$66.66.

Gray Bros., \$27.50.

Robb Engine Co., \$1800.

Robb Engine Co., \$437.8, re boilers.

Winnipeg Safe Works, re safe, \$314.00.

Edmonton Tent and Mattress Co., \$8.00.

Fairbanks Co., \$576.75.

Can. Electric Co., Ltd., \$109.35.

Can. Electric Co., Ltd., \$184.47.

Plaidaleir, \$14.65.

Much discussion followed the reading of these accounts.

Councillors Richards and Cowles moved that accounts be referred to the finance committee and if correct paid.

Councillor Douglas moved in amendment that they be laid on the table until next meeting and then discussed.

Original motion carried.

Councillor Douglas moved that Councillors MacKenzie, MacFarlane and Cowles form a special committee to name different committees for the year.

Councillors MacKenzie and MacFarlane moved in amendment that the committee be named Councillors Douglas, MacFarlane, MacKenzie, MacFarlane, Richards, Douglas, and the secretary-treasurer.

Public Works—MacKenzie, MacFarlane, Richards.

Fire, water and light—Douglas, MacFarlane, Cowles.

Douglas and Richards moved that the report of the striking committee be adopted—Carried.

Douglas and Cowles moved that applications be received for position of town auditor for 1906, monthly audit required, salary per year, \$100, time of receiving applications, fourteen days—Carried.

A lengthy discussion followed re position of secretary-treasurer and bonds required for same.

MacKenzie and MacFarlane moved that bonds to the amount of \$10,000 be required from the secretary-treasurer—Carried.

J. H. Macdonald addressed the council re secretary of the board of trade and asked if the new town secretary-treasurer could arrange to do the clerical work for the board of trade.

Discussion followed re this question and it was decided that the duties of town secretary would not permit him to perform the dual duties.

Discussion followed re hours of duty for the secretary-treasurer, after which the long list of applicants was read and twelve names were at once expurgated.

MacKenzie and Cowles moved that the twelve names just read be struck out—Carried.

The following were left, Allan, Downes, Elphs, Carmichael, Wilson, Ritchie and Saunders.

Ballots were then distributed and the result of the first ballot was that

## ONE KIND OF A "SQUARE DEAL"

Under the pretext of demanding a "Square Deal for the West," the Winnipeg Telegram lifts its voice on behalf of the down-trodden Canadian manufacturer. The bugbears of the "United States Trusts" are brought to the foot-lights and exhibited as the monsters reaching for the trade of the Canadian west. We are warned that the outrageous prices fetched from the American farmer by these sinful and soulless corporations are danger signals to the Northern farmer and that the only way of escape is to choose the States Trusts. However excessive may be the prices of the Canadian manufacturer, we are assured they are less exorbitant than those which would be wrung from us if the tariff barriers were lowered, and the "United States Trusts" were permitted to enter the country. The Telegram's case seems to be that we must be robbed in any event but that we are less likely to be also stripped and wounded by the Canadian manufacturer. All this in the face of the patent fact that the "United States Trusts" were produced, fostered and matured by the tariff policy which the Telegram and its friends would inflict upon Canada and that it has not yet been shown why Canadian manufacturers under similar conditions will not or can not produce quite sufficiently villainous prices of the "United States Trusts." Neither has the Telegram submitted the evidence to prove that even at the present time our friends the consumer on the other side of the line pays larger tribute to the American manufacturer than the Canadian consumer pays to the manufacturer of Canada.

Having established this imaginary dilemma the Telegram propounds as a remedy a species of "preferential trade" within the Empire. It proposes for Canadian wheat in the British market to do more for the western farmer than all the expert tariff tinkering the Laurier Government may devise. It will, moreover, reconcile him to a policy of protection more than the eloquent plaudits of the British subject. Possibly had Mr. Haultain subjected "free trade" to the same treatment as the "back settlements" he would have agreed to the contention that the "back settlements" were a "back settlement" and allowed the people of the "back settlements" to be treated as "back settlements." Mr. Thomas Shaughnessy would have joined J. K. McInnis in support of the "back settlements" for he would have seen the manipulation of the C. P. R. vote along his own main line than he can the farmer votes in the "back settlements." However, Mr. Haultain did not "squeeze in" and Sir Tom Shaughnessy and Jabbing Knight McInnis will have to permit others than the C. P. R. to have a voice in Saskatchewan and have a voice in its affairs.

Under this distinctly Conservative brand of preference it is only proposed to reduce the tariff against British on such articles as are not in sufficient demand in Canada to warrant the establishment of Canadian factories. For the privilege of selling in Canada goods which Canadians do not buy, the British taxpayer is expected to be bunched into paying a premium for Canadian produce. Mountains on all the manufactured articles which the western farmer does buy and must buy the "adequate protection" which will exclude both British and American goods is the one and only way of protecting that farmer from the merciless greed of the "United States Trusts" and securing to him the beneficent patronage of the Canadian manufacturer. The puzzle appears to be to find whom the Telegram considers the more easily deluded, the western farmer, or the British manufacturer.

## A PROVINCIAL UNIVERSITY

Dr. Herdman writes the Calgary Albertan as follows:

To The Editor:—  
Sir,—New Year's Day and New Year's week might mean an opportunity for bringing before the public a certain idea as to the development of the Province of Alberta. There has been a great deal of discussion as to the question of a university but is it not worth while also to consider another forward step?

We need a university for this province! We need it for the higher education and opportunities of the day. We need it for family and civic life. We need it for the training of men in humanities and in engineering and scientific studies. We need it for the development of the natural and spiritual resources of our fair province. We need it for the coming to the front of men and women who through education, culture, authorship, will make this country a more glorious world. And can we not get a general understanding be reached throughout the province on public, educational, civic and even political platforms—that one of our two cities shall have the capital and the other shall have the university? Would not this idea be felt by the cities and favorable to the province, and mark a commemorative for the year 1906?

Yours for education's sake,

J. C. HERDMAN.

—At a special meeting of the curling club held last night it was decided to hold the annual banquet of the club on January 22, commencing on the evening of that date. Contributions were requested to solicit persons to arrange the details of the affair. Invitations will be sent out to all the clubs in Alberta, Saskatchewan and as far as Manitoba. Some clubs in Manitoba have signified their desire to come to the Edmonton banquet and it is expected that this year's banquet will be the most successful in the annals of the club.

## CITIZEN SOLDIERS

Winnipeg Free Press  
We have no army in Canada; only a citizen soldiery. When Confederation was formed, the understanding was that one-thirtieth of the expenditure of the Dominion should be devoted to the maintenance of the militia. The reforms in the militia-service which have been introduced and carried out by Sir Frederick Borden since he became Minister of Militia and Defence upon the accession of the Liberal Government to power nine years ago have necessitated increased expenditures; but the total of the expenditures for militia purposes is with in proportion which the Fathers of Confederation had in mind. The Canadian people have no love for militarism; but they want to have the necessary militia establishments of the country effectively organized and properly equipped. The credit of efficiency which Sir Frederick Borden has achieved in securing this is one which has not been approached by any other Minister of Militia and Defence.

## DISCARDING THE MASK

Regina Leader  
Now that the elections are a thing of the past, the real "Tory" character of the Provincial Rightists is being so long as there was some Liberal or independent voter to be hoodwinked the self-styled Provincial Rightist endeavored to keep his real Tory proclivities and character in the background but now that there is no further object to be gained by keeping up the deception, all the old time cries and characteristics of the good old Tory are coming to the surface. In the name of "right," the Provincial Rightists, forsooth, individuals in the province were characterized as less than men because they did not "swallow" all that these masqueraders saw fit to invent, and as the campaign progressed repetitions were held up for public repudiation because they desired to avail themselves of the privilege of a free expression of opinion. But now that it is all over, and there is no further object in view, they are still bolder and we are being regarded with the old Tory doctrine that unless a man wears purple and fine linen he is not entitled to the franchise, and unless he is in the employment of the very doubtful blessing of living on the C. P. R. main line he should be deprived of the most sought right of a British subject. Possibly had Mr. Haultain subjected "free trade" to the same treatment as the "back settlements" he would have agreed to the contention that the "back settlements" were a "back settlement" and allowed the people of the "back settlements" to be treated as "back settlements." Mr. Thomas Shaughnessy would have joined J. K. McInnis in support of the "back settlements" for he would have seen the manipulation of the C. P. R. vote along his own main line than he can the farmer votes in the "back settlements." R. to have a voice in Saskatchewan and have a voice in its affairs.

## TWO PROMINENT AGRICULTURISTS

Winnipeg, Jan. 3.—Everything is now in readiness for start of the seed convention on its trip of two months through Manitoba, Alberta and Saskatchewan. A week after the Christmas holidays, on January 8th, the first meeting is held at Brandon. The main object of the convention is to place to rest the question of the "back settlements" and to renew his acquaintance. No speaker attracts bigger crowds at Farmers' Institute meetings or is heard with greater interest and profit. Mr. Bedford has been intensively associated with Manitoba Agriculture since the early days of the province; for several years he has been known as the best authority on agriculture in Manitoba, and his lectures on the seed train will be popular and useful.

## OUTLETS FOR NORTHWEST

(Toronto Globe)  
No subject has more interest just now for the people of Canada as a whole than the development of railway facilities for the transportation of Northwest grain to tidewater. The first part of the route eastward from the place where the wheat grows must be one or other of several railways, and the most satisfactory feature of the present situation is the keen competition between the rival corporations for the grain-carrying trade. Several reports quite recently published afford a glimpse of the successful activity of the competitors.

Pursuing the final determination of the navigability of Hudson's Strait and the long to be completed route to enable grain to be exported in large quantities by this route to Europe, the work of locating a line of railway from the St. Lawrence to Hudson's Bay is making steady progress. Whether the proposed railway will be built or not is no longer a matter of engineering; it is one of climatic conditions and of commercial profit and loss.

The Canadian Northern is reported to have made an arrangement with the Duluth & Rainy Lake Railway by means of which the latter will secure over the Canadian Northern an entrance into Winnipeg, while the Canadian Northern will obtain over the Duluth line to Duluth an alternative route to Lake Superior. Their point of junction is Fort Frances.

The Grand Trunk Pacific Company will within two months, put under contract the part of the prairie section of the National Transcontinental line between Touchwood Hills and Edmonton, a distance of seven hundred and seventy-five miles. Apparently it is intended that a considerable part of the section now under construction, will be available for the crop of 1906. Meanwhile the Canadian Pacific, the Canadian Northern, and the Grand Trunk Pacific are all constructing radiating branches to newly-formed agricultural settlements in the country about Edmonton.

It is reported from Ottawa that the surveys of the eastern division of the National Transcontinental between Winnipeg and Quebec are now no longer completed that the proposed route is known and that the maximum grades eastward and westward, respectively, have been determined. Eastward from Winnipeg the maximum grade is not more than twenty-two feet to the mile, and the steepest ascent going west will not exceed thirty-two feet. The line as finally located lies north of Lake Abitibi, and near that body of water it will be intersected by the Ontario & Temiskaming Railway. For some years to come the last mentioned line will be the most important

means of enabling contractors to get in men, plant, and supplies. The first contracts, namely, from Winnipeg east and from Quebec west, will be let by the Railway Commission in a few weeks.

## TWO HOMESTEADERS

SUFFOCATED  
Hanley, Dec. 27.—Homesteading on the western prairie is no dream at best, but for Robert McLaughlin and James Ross it ended very sadly and so suddenly. They had homesteaded on 32-31-3, W. of 3, about six miles north-east from Hanley, last Sunday morning J. W. Thistlewhite, a neighbor, called, and found both men in bed, covered with blankets up to the chin and dead and rigid. He at once called in another neighbor, Mr. Orr, and later went directly to Hanley for Dr. Cautcheon, Coroner's inquest of Saskatoon, was also sent for, and he came down Tuesday morning. No account of the bodies of both men in bed, covered with blankets up to the chin and dead and rigid. He at once called in another neighbor, Mr. Orr, and later went directly to Hanley for Dr. Cautcheon, Coroner's inquest of Saskatoon, was also sent for, and he came down Tuesday morning. The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicouaga district of Cuba, where the best tobaccos are produced. It is from the best of these plantations that I buy the filler of my

Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicouaga tobacco. It proved such a winner that the tobacco agents in New York sell thousands of boxes of tobacco under that name that was never within one hundred miles of the district.

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and particular in the selection of my tobacco. I would rather be thought a crank than jeopardize the quality of my Pharaoh cigar.

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care.

None genuine unless branded "Pharaoh" Price 10 cents.

### BAPTIST CHURCH

#### ANNUAL DINNER

Congregation Gathered Last Evening  
in the Handsome New Church

The annual meeting and dinner of the Baptist church was held last evening. The meeting was held in the auditorium as the basement has not yet been completed. At 7:30 about one hundred members of the congregation and their friends sat down to a most excellent repast which had been provided by the ladies. After the dinner a business meeting was held and reports of various branches of the church work were read.

The report of the secretary of the building committee showed that the contract for building the new church had been paid, and the general finances of the building committee were in good condition. The new seats were expected to arrive in two months' time, and the basement would be finished within three weeks.

The treasurer reported that there was a small deficit of 100. A thank-offering was taken for the purpose of clearing off this deficit and the sum of \$85 was obtained.

The report of the clerk of the session showed that eight members had been admitted by baptism and fifteen by letter.

The pastor, Rev. Mr. McDonald, was presented with a well filled purse during the evening. He was taken completely by surprise, but expressed his gratitude in fitting terms.

No program was given, but Mr. and Mrs. McLeod sang a duet, and Mrs. Keeley rendered a solo. Both of these selections were very much enjoyed.

#### BAROMETER DROPPING - BIG STORM INDICATED

The violent wind this morning and a falling barometer indicated stormy weather in the Edmonton district. At 10 a.m. today the barometer stood at 29.31 and was dropping rapidly. All day long there has been a violent wind from the north and west, which although having done no damage as far as reported, made life interesting for pedestrians and played many frolics with hats and skirts. Yesterday's breeze was a genuine chinook, driving the thermometer up to 50 and destroying what little snowing there was. Today, however, as the wind swings around to the northwest, it is getting a trifle colder. At times this morning the wind blew as high as 30 miles an hour.

The highest temperature for the 24 hours was 50 and the lowest 34. The mean temperature for the month of December was 21.21 and there were only five zero days during the month.

The weather report by telegraph says: The weather has been mild in Alberta and Saskatchewan and Western Manitoba. In the eastern portion of Manitoba it has been moderately cold. There were local snowfalls in Saskatchewan.

Forecast: Manitoba and Saskatchewan, some light local snowfalls but mostly fair and much frost.

Alberta: Fresh to strong west to north west winds; fair, stationary or a little lower temperature.

#### EDMONTON NEWS

On Monday, afternoon, New Year's day, Mr. Fred Haggith took a sleigh load of young people over to Turnip Lake, where all enjoyed themselves skating.

Malvin Reynolds intends leaving for eastern points on Thursday next. We wish him a safe journey and a pleasant time during his absence.

Mr. Oakes and family have moved over to Mr. Howard Reynolds' house for the remainder of the winter. Mr. Oakes has taken up some land down near Fort Saskatchewan and intends moving down in the spring.

Jas. Allen and Bert Golly, who have been attending Alberta College, have returned to college.

Our school teacher, Miss Nellie Evans, has suffered with a severe cold during the holidays.

Jas. E. Smith, of Edmonton, spent Christmas and New Year's with friends here.

Mrs. Harvey and her two brothers Martin and Howard spent New Year's with Mr. and Mrs. Millick.

## SPORTS

### HOCKEY

The sudden extremely soft spell of weather has just about destroyed all the fond expectations of seeing a fast game of hockey tonight in Strathcona. The chances, for having fast ice are slim indeed.

Both teams will be in good condition, however. Strathcona has been practising up hard. The line-up of the team will be the same as in the game on New Year's. In fact they could not improve the team a great deal by changing things around. The team is now composed of some of the fastest men in the Northwest. The combination of the forwards is good, and if they only learn to stay with their checks, and not keep riding over in a bunch to one side of the ice, the forward line will be one of the best going. The defense is good too, and Sam Humeon in the flaps is a regular stone wall.

To be continually changing around the positions of the men is certainly a bad plan. That is where Egan made the mistake last winter. But they are not going to make that mistake this year. There are a fast bunch of hockey players in the city this season from which to pick a team, and after tonight's game Manager Griffiths will soon have his team pretty well fixed for the season. He has already put a cracking good team on the ice this season, but there is still an alteration or two to make.

Lane, who is in the Bank of Commerce here, played with Winnipeg in the last year, and has proved himself to be a fast stick-handler. He plays cover point.

### CURLING

No games were played last night, the ice being too soft. The games which were to have been played last night were postponed until Friday night.

The games for tonight are the same as announced, as follows:

Good vs. Studholme, May vs. Matz,

Rae vs. Mercer.

The games for Friday are:

Campbell vs. Bellamy, McKenzie vs. Stovel, Kinnaird vs. Galbraith.

### THE GAME OF WRESTLING

In the mind of the general public there frequently is a deep-rooted impression that the wrestling game is closely allied with prize-fighting, an idea which is entirely erroneous.

The general mind picture of those who are not familiar with this sport is of a big, manly, burly swarthy fellow, and making his haunts in the saloons and dives of the city where he holds forth to a bunch of toughs about the power of his mighty arm, and all that sort of thing.

This is really what the wrestling game has suffered from ill-advised advertising on the part of greedy promoters who, when prize fighting was popular in the United States and was

stopped by law there, fell back on wrestling and tried to make the patrons of the fight believe that wrestling was something along the same line, in order to get their patronage.

As a matter of fact there is nothing in common between the two. There is no nicker and cleaner sport in the whole catalogue of athletic games than wrestling. There is no trace of brutality in the game. The man who tried to win a wrestling match on a false pretense, there is no trace of himself among the best-loved, sent there by some athletic whose skill and a knowledge of the finer points of the game gave him advantage over the bully.

Wrestling today is recognized by athletic associations all over America and as a sport for the development of the brain and muscles of the young men who come under the tutelage of these institutions. The Y.M.C.A. institutions in almost every city are handling up handsome prizes and medals for wrestling and in such institutions as the Chicago Y.M.C.A. there are hundreds of aspirants for first honors and when the annual tournament comes off there is always a turn-out of thousands of women as well as men, to see the contests. At the Multnomah college in Oregon, they have a group of wrestlers who have made journeys across the continent on more than one occasion to meet the boys from other schools, and the game, where football, sparring and several other games are barred on account of their brutality, is recognized by the faculty and included among the class work of the school.

As for the habits of the wrestlers themselves, the fact that their sport calls on them for all their mental as well as their physical ability, is alone a sufficient guarantee that they are not and cannot be carousers. No man of vicious habits would last one season as a wrestler, any more than he would last in any other business, which constantly calls on him for the best that there is in him. The drink habit is strictly tabooed in every gymnasium in the world, and of all the sports the wrestling game is the most severe on this point. When a wrestler goes onto the mat he goes on to engage in a contest which may last for two hours without a moment's cessation, and if at any time during the progress of the game the keenness of a man's faculties should become dulled, as they undoubtedly would were he a drinking man, the decision would be against him in less time than it takes to say it.

Those who attend the match in Robertson's hall on Friday evening are assured by Mr. Curran that there will be nothing about the exhibition that will shock the sensitive.

### HUTCHINSON STILL MISSING

Edsby, January, 3.—So far no traces have been found of P. T. Hutchinson, the teller of the Union Bank, Edsby, who absconded with about eight hundred dollars of the bank funds. Every effort is being made to capture him, but so far as can be learned nothing has been heard of him. It is supposed that he took the freight going south on Saturday evening as there was no one in the time he left the bank and it is also rumored that a cancelled cheque was found about a mile and a half south of Edsby on the railroad track which was signed by himself.

## The "Royal Household" Brand on Flour is your protection.

The "Royal Household" brand on a barrel or bag of flour means that Ogilvie's guarantee that flour to be the best—that if it is not satisfactory you may return it and get your money back.

Ogilvie's stand behind every pound of flour that bears their "Royal Household" Brand.

That is your protection.

Most people do not realize the necessity of absolute purity in flour—great care is taken to use only pure milk, pure water, etc., but flour, that one thing that forms the greatest part of their food, is taken on chance—but they are learning better.

As Royal Household Flour is the only flour in this country thoroughly purified and sterilized by electricity it is not worth while to give it at least at trial.

It bears the stamp of the most responsible makers. You can have no better guarantee than the Ogilvie Flour Mills Co.

## LOCAL

—Robertson, Dickson & Worsley are  
moving this week to their new offices  
in the McLeod block.

—J. Deunpey, proprietor of the Bon-  
ton, and family, left yesterday for a  
month's visit in Stratford, Ont.

—The election of officers of the  
Baptist congregation will take place  
next Wednesday evening at 8 o'clock.

—Several of the city coal merchants  
met a few days since, when it is un-  
derstood they decided to reduce the  
price to 3.50 per ton.

—A sleeper was attached to the C.  
& E. passenger yesterday for the  
first time and will form part of the  
train regularly hereafter.

—The first game for the Peterson  
cup will be played in the Strathcona  
rink tonight, between the Edmonton  
Fishes and the Strathcona. The  
ice will be in good condition. H.  
Campbell, of Edmonton, will referee  
and the line-up will be the same as  
in the game on New Year's.

—The first baptism in the new  
Queen's avenue Presbyterian church  
was performed last evening at the  
weekly prayer meeting, when the  
child of Mr. and Mrs. W. E. Wilson  
was baptized. The parents were pre-  
sented with a handsome hymn-book,  
by the managers of the church.

—The law firm of Macdonald &  
MacKinnon have taken in a third  
partner in the person of Mr. Edward  
B. Cogswell who like Mr. MacKinnon  
practiced for some years at Dawson  
City before coming here. All three  
members of the firm are Nova Scotians  
and old friends in their native  
provinces. Mr. Cogswell was admitted  
to the bar in 1890 and has had sixteen  
years practice.

—From the town of Melfort, Sas-  
katchewan, comes a neatly-printed  
and illustrated booklet published by  
the Melfort Moon, assisted by the  
secretary of the board of trade of  
that town. The booklet is published  
expressly for the purpose of adver-  
tising the Carrot River Valley Dis-  
trict, which is a particularly rich  
and fertile prairie district in Sas-  
katchewan. Melfort is on the line of  
the C. N. R. and is the principal  
town in this district. In the book-  
let is an extensive article on the  
history of the district, and the features  
and advantages of this beautiful  
tract of land. The article contains  
illustrations showing scenes on many  
of the large farms surrounding Mel-  
fort, and homes of some of the set-  
tlers. The booklet is very handsomely  
given up.

—The Stratford Herald says: The  
funeral took place on Wednesday af-  
ternoon, Dec. 27, of the late Mr. David  
Kennedy, of Downie township, to  
Avondale cemetery, the character of  
the man and the high regard in  
which he was held being evidenced  
by the unusually large number who  
attended the funeral, to offer their  
last tribute of respect. Mr. Ken-  
nedy leaves behind to mourn his loss  
a host of friends and the following  
near relatives: his sister, Mrs. Mar-  
garet Dunsheath, of Stratford; his  
sons, John Kennedy, of Edmonton, N.  
W.T.; William Tonosket, Washing-  
ton; Robert, Oshawa, Ont.; David at  
home; and his daughters, Mrs. Mc-  
Leod, of Winnipeg, Man.; Mrs. Wm.  
Davidson, St. Thomas, Ont., and Miss  
Elizabeth, at home.
